

TASK

DONE

In the morning, stretch out your hand and make a strong prayer against all evil that is trying to affect your life. Be BOLD! In the evening, read John 12.

Replace fatty foods for fruits and vegetables and salads. Don't forget to also drink water: 8 cups during the day (2 litres).

Do you need to apologise to anyone? Do it today!

Do not be indecisive. Choose whether you want to start your own business or follow a career.

The end of the week is coming: finish your projects or unfinished work. Try not to leave anything for next week.
