

TASK

DONE

In the morning, stretch out your hands and make a strong prayer against all that is trying to affect your life. In the evening, read John 14.

If you haven't gone to the dentist for the last 6 months, schedule an appointment.

Pray for God to strengthen those who are feeling weak in the church.

Take out all the clothes from your closet or drawers that no longer suit you; sell them, or donate them to an organisation that helps the needy.

Decide to never be late to a scheduled engagement. In fact, make it a law to always arrive 5 minutes earlier to all appointments and commitments.
