

TASK

DONE

In the morning, read Acts 2:1-4 and in the evening read John 16.

Reduce the amount of sugar in your diet today. Don't do it if it contradicts your doctor's advice.

Ask God to give you the eyes to see someone who still doesn't know the Lord Jesus and ask Him for wisdom to say the right words when evangelising.

Go back to a project that you've abandoned and finish it.

Silence every negative voice inside of you by making a positive confession in the name of Jesus.
